Thank you for your involvement in the trial of the Digital Learning Framework (DLF). This trial is being carried out in 20 post-primary and 28 primary schools.

The Educational Research Centre, Drumcondra, Dublin, has been asked by the Department of Education and Skills to evaluate this trial. This questionnaire is part of that evaluation.

The purpose of the questionnaire is to gather information about your school's experiences during the DLF trial. It should be completed by the leader of the Digital Learning Team in the school, or someone who is closely involved in the implementation of the DLF trial. This might be the Principal, Deputy Principal, or other member of staff. It is intended to take no more than 20 minutes to complete.

Most questions require you to tick a box, while some ask you to type your response.

Your views are very important in contributing to improvements to the DLF when it is rolled out nationally in Autumn 2018.

It might be helpful to download a PDF copy of this questionnaire at this link. This is in case you want to review the questionnaire before filling it out.

Please feel free to ask other staff in your school, such as the the Digital Learning Team or other teachers, to provide input into responses to any of the questions.

The questionnaire needs to be completed in one 'sitting'. Please be sure to click on the SUBMIT button when you reach the end of the questionnaire, otherwise your responses will not be saved.

Responses of individual schools will not be identified in published reports. Numeric results will be reported as group averages. Any published comments are anonymised, and for illustrative purposes only.

If you are having any difficulties in completing the questionnaire, please email

DLF@erc.ie.
If possible, please submit your responses within one week of receiving the email invitation to complete the questionnaire. The survey closes on May 14th, 2018.
Thank you!
