

Educational Research Centre

Customer Charter (July 2018 – June 2021)

Introduction

The Educational Research Centre (ERC) is committed to providing a professional, efficient and courteous service to its customers with a view to evaluating and improving our service in accordance with the twelve Principles of Quality Customer Service for Customers and Clients of the Public Service

Who We Are and What We Do

The ERC is an internationally recognised centre of excellence in research, assessment and evaluation in education. It was established in 1966 in St Patrick's College Drumcondra. In September 2015, it was designated as a Statutory Body in accordance with the Education Act (1998).

The Centre carries out research at all levels of the education system, from preschool to adult. Research is undertaken at the request of the Department of Education and Skills, at the request of other agencies and on the initiative of the ERC itself and its staff. An assessment service is also provided through, for example, the supply of standardised tests to schools.

The Centre continues to operate from purpose-built premises located on the DCU St Patrick's Campus in Drumcondra in Dublin. The Test Department is based in nearby Richmond Road.

Equality and Diversity

The ERC confirms that it is committed to all our customers equally and strives that customer will be treated with dignity and respect. We strive to identify and remove barriers preventing access to our services. The ERC will make every effort to accommodate customers who wish to conduct their business through medium of Irish.
